

LVT

DESCRIPTION

The LVT is a tower which creates a taller entry to your LV series home. It is an add-on product and can only be bought in conjunction with the purchase of two (2) or more LV series homes. This brochure contains specific information with respect to the LVT, but it does not contain general information that is shared amongst all the LV Series homes. You must supplement this brochure with: **LVS Design** and **LVS Build**.

SQUARE FOOTAGE: Approx. 218 sq. ft.
OVERALL DIMENSIONS: 14'-9" x 14'-9"
TYP. CEILING HT. (Throughout): 15'-9"

LVT CONNECTION BETWEEN TWO (2) LV SERIES HOMES

Below is an example of how the LVT can connect with two (2) LV series homes. Connections vary depending on your site and needs; therefore, we will need to customize our sets to create your home. To learn more about customizations, read the **LVS Design** brochure.
